# DENNIS ANGEL BRINGS A SEDUCTIVE, CHILL SENSE OF "SERENITY" TO CONTEMPORARY JAZZ RADIO WITH HIS NEW SINGLE FROM "ON TRACK"

The Emerging, Critically Acclaimed Trumpeter and Flugelhorn Player Hit The SmoothJazz.Com Charts With The Album's Debut Single "Soul Strut" and Made the Billboard's Smooth Jazz Most Added List With "I Like It Like That"

Fully living up to the dynamic title of his latest full length indie album, emerging trumpeter and flugelhorn player Dennis Angel is *On Track* to have yet another airplay and radio chart hit with the release of the collection's third single, the soulful and seductive "Serenity".

Capturing the gentler side of the Angel's multi-faceted artistry, the melodic and relaxing "chill-jazz" tune features Angel's dreamy flugelhorn, Gottfried Stoger's beautiful and expressive soprano sax and the easy grooving, atmospheric keyboards of the project's producer, Jason Miles.

With its sensual female voice singing the title words over an old school soul-jazz, horn section driven vibe, *On Track's* second single "I Like It Like That" hit the Most Added List on the Billboard Smooth Jazz Chart and the SmoothJazz.com Chart Recap and the Top 50 on Mediabase's America's Music Charts Smooth Jazz airplay chart. It also made the Top 25 on the SmoothJazz.com Radar Chart and achieved Most Added on the Groove Jazz Music Chart.

Previously, the album's acoustic jazz-funk lead single "Soul Strut" reached the Top 35 on the Smooth Jazz.com Radar chart, debuted in the Top 50 on SmoothIndieStar.com and earned spins on the Radio Wave Internet Airplay chart.

*On Track* has been getting rave reviews from numerous contemporary jazz outlets since its release in 2014. Brent Black of [www.criticaljazz.com](http://www.criticaljazz.com) writes, "The sound finds that musical happy place somewhere between straight ahead and what some consider smooth jazz. A release steeped in nuanced textures. Angel is a lyrical technician with a soulful and soul-filled bent on taking one to that contemporary land of rhythm and groove."

Both *On Track* and *Timeless Grooves* and the new album were produced by Jason Miles, a keyboardist, composer and artist in his own right renowned for his work over the past 30 years with Miles Davis, Luther Vandross, Michael Brecker, Whitney Houston, Grover Washington, Jr., Sting, Ivan Lins, Chaka Khan, Diana Ross, Aretha Franklin, David Sanborn and Michael Jackson. Miles arranged the tunes of *On Track* with longtime Angel collaborator Gottfried Stoger, who also did transcriptions and charts and plays tenor and soprano sax and flute). Miles performs on piano and adds a classic soul-jazz sensibility to the ten tracks with synthesizer, strings and dynamic array of keyboards, including electric piano, Wurlitzer electric piano Hammond B-3 organ.
